Terms of Foster Agreement

As a Manchester Terrier Rescuer, I pledge:

1. To perform Manchester Terrier Rescue as a non-profit endeavor. My rescue work will be voluntary, not performed to profit any organization or individual.
2. To ensure that Rescue Manchesters are spayed or neutered before adoption, unless there is a compelling medical reason not to. If I place a dog intact due to some compelling medical reason, I will require a written agreement by the adopter to prevent the accidental or intentional breeding of the dog. Additionally, I will stay in close contact with the adopter to ensure the that dog is not bred. Moreover, I require the adopter spay/neuter the dog as soon as the medical condition is resolved. If I breed Manchesters (in addition to handling Rescue Manchesters) I will do so in accordance with the AMTC Code of Ethics, so as to ensure that I do not use my Rescue work tactically to sell the puppies I breed.
3. To house Rescue Manchesters in safe, humane, sanitary conditions, which meet or exceed all minimum standards as defined by local health, animal control and sanitation authorities, and to provide Rescue Manchesters with appropriate food, clean water, and shelter. I will pay attention to and care for the emotional needs of the Manchesters I receive into my Rescue Program. I will provide a secure and stable environment for the dogs and will interact one-on-one with them as much as possible. I will also assess their temperament and any special needs for placement.
4. To provide necessary and appropriate routine veterinarian care for Rescue Manchesters including, as appropriate, regular inoculations, heartworm testing, administration of heartworm preventative, treatment for intestinal parasites, and emergency care. To the best of my abilities and resources, I will provide appropriate medical care and training towards the goal of putting each dog in the best possible condition for a permanent adoption. *All veterinarian care, except life and death emergencies, must be approved by the AMTC Chair prior to treatment to ensure reimbursement (mail all original Veterinary receipts to Rescue Chair for Reimbursement).*
5. If a dog comes into my rescue care with AKC papers or a breeder's microchip, I will make a reasonable attempt to contact the breeder to inquire about return of the dog and/or assistance in placing the dog.

6. I will only euthanize Rescue Manchesters that are determined to be unadoptable due to serious health or temperament problems. Rescue Manchesters that are euthanized will be humanely euthanized by a veterinarian or certified Euthanasia technician and disposed of properly. Rescue Manchesters that are unadoptable due to serious health, temperament, or other problems will be placed with a humane and knowledgeable hospice care provider, when available.
7. To utilize a written adoption contract for each Rescue Manchester.
8. To fully disclose all relevant information that is known at the time of placement or adoption regarding the health and temperament of each Rescue Manchester.
9. To provide each adopter with information on the Manchester Terrier breed, common diseases, crate training, housebreaking, basic obedience, and the appropriate standard of care.

I hereby apply to be a foster parent for AMTC Rescue. I agree that this is a temporary arrangement and I will immediately relinquish any dog assigned to me immediately upon request. I accept responsibility for the dog(s) basic care and release the previous owner, as well as AMTC Rescue from any liability concerning my assigned dog(s).
